

# ALWAYS AT YOUR SERVICE! THE WB625

Our new workbench WB625 offers maximum storage space with seven extra-wide drawers and is also extremely robust. One practical feature: the beech wood multiplex worktop with a working height of 104 cm is FSC certified. Includes individually attachable paper roll holder for paper rolls up to 30 cm wide.

**WB625**  
Also available  
without the tools

Code 85 01 06 25

A STAHLWILLE exclusive: the convenient **work height** of **104 cm** promotes a strain-free working stance. The robust construction and the **beech multiplex worktop** guarantee the typical durability for which STAHLWILLE is known.

**Three-stage safety logic: central locking** with recessed cylinder lock at the side. Together with the fold-down key, this reduces injuries and damage. **Individual locks** prevent inadvertent opening in transit - **topple-proof** construction prevents opening more than one drawer at a time.

**XXL** for everything. **Seven** removable drawers with **full-extension rails** and a width of **880 mm** provide plenty of storage space. The **beech wood multiplex worktop** is not only particularly large (1150 x 500 x 30 mm), but also FSC-certified.

**Oil and acid-resistant smooth-running wheels** (ø 125 mm) with carpet protection to prevent ingress of dirt and fibres into bearings, with **two parking brakes**.

# EVERYTHING IS XXL.

Seven removable drawers with full-extension rails and a width of 880 mm provide plenty of storage space. The beech wood multiplex worktop is not only particularly large (1150 x 500 x 30 mm), but also FSC-certified.

The new WB625 offers all the many features of the well-known WB620 Mobile Workbench.

## XXL

115 cm wide | 7 drawers | 3 cm-thick beech-wood multiplex worktop

FSC-certified wood

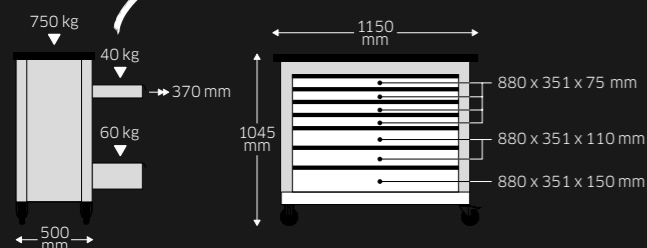

Including paper roll holder

Particularly robust thanks to the well thought-out, sturdy construction.

**TCS**

Up to five inlays in one drawer.

High-grade materials guarantee the typical durability for which STAHLWILLE is known. For example, the robust body and drawers with industrial powder coating. The new design with black drawers stands out particularly well.

## TCS inlay system

With a width of 880 mm, the seven extra-wide drawers offer plenty of space for your tools. For example, one size 3/3 (XL) TCS inlay together with one 2/3 (L) TCS inlay will fit in one drawer.
