

Counter stay

11401

Product no. **71040103**
GTIN **4018754342198**
Model **11401/3 Gegenstuetze zu
Innenaus. 11400**

Label. Counter stay

- Features.**
- for internal extractor 11400/1-5
 - Screw the spindle of the counter support to the connection thread of the internal extractor
 - Insert the internal extractor and spread it
 - Pull out the workpiece

Advantages.

With a counter support, work can be done with more force and more precisely than with the slide hammer.

Powerful spindle with fine thread provides reliable performance, even for demanding tasks.

Made from robust steel for a long service life, even with heavy use.

Supports reliable and fast extraction of tight fitting ball bearings, bushings, oil seals etc.

To use, place the counter stay onto the housing, screw the spindle to the connection thread of the internal extractor and pull out the component.

Product highlights.

For increased safety.

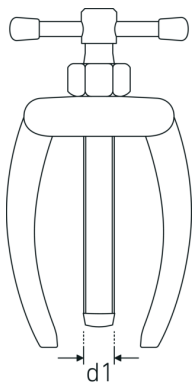

Thoughtfully designed, die-forged and precisely machined, hardened and tempered on state-of-the-art machines - the STAHLWILLE puller range offers numerous products for a wide range of applications. For example, terminal pullers, pullers for ball joints, counter stays or ball joint extractors - always in premium quality.

IN PROGRESS**Reliable grip.**

The combination of a robust spindle, fixed clamping nut and a strong toggle handle ensures a secure grip and precise, centred pulling.

Adapted access geometry.

The self-centering puller arms automatically adjust to the shape of the part to be removed. This facilitates handling and ensures an even distribution of the pull-off force.
