*The advantages at a glance:

With our Tool Control System, the tools are arranged in chemical-resistant special foam inserts with sculpted three-dimensional cut-outs.

The signal colour is yellow. A glance is enough to see whether all tools are in their correct places: If you can see yellow, there is a tool missing.

Advantages.

With the Tool Control System, the tools fit into chemical-resistant safety foam inserts with high-precision, 3-D cutouts

Technologies and features.

Tool Control System

The intelligent modular insert system protects and organises the tools in tool boxes, workshop trolleys and workshop benches. Two-colour foam inlays make checking the completeness of the tools quick and easy.

QuickRelease

The QuickRelease safety lock prevents unintentional loss of insert tools. These click securely into place, and are only released again at the push of a button for a quick tool change.
