Technologieën en kenmerken.

Tool Control System

Het slimme modulaire inzetsysteem beschermt en organiseert het gereedschap in gereedschapskisten, rolwagens en werkbanken. Met de inlays van tweekleurig schuim is snel te controleren of het gereedschap volledig is.

QuickRelease

De QuickRelease-veiligheidsvergrendeling voorkomt onbedoeld verlies van inzetgereedschappen. Ze klikken stevig vast en worden met één druk op de knop weer vrijgegeven om het gereedschap snel te wisselen.
