Label.

Assortment tool with tool trolley 93/157QR Drawers 6 anthracite, RAL 7016 157

Product highlights.

High load capacity.

High static load capacity of up to 500 kg. The bottom drawer has a load capacity of up to 45 kg!

Two-stage safety concept.

The central locking system with side cylinder lock and folding key protects the tool from unauthorised access. The tilt protection prevents multiple drawers from being pulled out at the same time to avoid the risk of injury or damage.

Durable wheels.

Oil and acid resistant smooth-running wheels (Ø 125 mm) with carpet protection to protect the bearings from dirt and fibres; with two locking brakes.

Optimally organised.

All drawers can be extended up to 100%. Combining the use of STAHLWILLE standard and TCS inserts, or the variable drawer dividers, ensures a clear overview and convenient access to tools.

Technologies and features.

Tool Control System

The intelligent modular insert system protects and organizes the tools in tool boxes, workshop trolleys and workshop benches. Two-color foam inlays make checking the completeness of the tools quick and easy.

QuickRelease

The QuickRelease safety lock prevents unintentional loss of insert tools. These click securely into place and are only released again at the push of a button for a quick tool change.
