

## Combination wrench set OPEN BOX, metric

### OPEN BOX 13

Product no.	96400803
GTIN	4018754080595
Model	OPEN BOX 13/15

#### Label.

Combination wrench set OPEN BOX 13/15 6-32 15

#### Features.

- **metric** sizes
- jaw position 15°
- bi-hex ring
- ring side offset 15°
- AS-Drive profile prevents damage to fasteners
- reinforced connection between jaw and shaft
- durable, slim and lightweight design
- high bending strength due to double T-profile
- STAHLWILLE rounded finish provides a non-slip, pleasant feel
- drop-forged, hardened and cooled in oil bath
- Chrome Alloy Steel, chrome plated
- DIN 3113 Form A/ISO 7738 Form A
- in robust roll-up tool bag with Velcro fastener made of polyester
- mesh inserts allow the inserted tool to be seen
- secure protection of the tool with minimum space requirements
- embroidered STAHLWILLE logo

## Advantages.

High-quality metric combination wrench set.

The slim, thin-walled rings are ideal for working in areas that are difficult to access.

In a space-saving roll-up tool bag for safe and well-organized storage.

The ring side that is offset by 15° makes it easy to work on flat surfaces.

The distinctive STAHLWILLE rounded finish gives the combination wrenches good grip and a pleasant feel for safe working, even with oily hands.

## Product highlights.

### Angled and offset.

The 15° angled jaw opening is the guarantee of exact positioning on the bolt for optimum force transmission. The offset side of the ring makes it easier to work on flat surfaces.

### Outstanding craftsmanship.

The wrench is made from high-quality forged chrome alloy steel, making it extremely robust and durable, even during continuous use. It also has a corrosion-resistant chrome-plated finish.

### Non-slip surface.

STAHLWILLE wrenches have a high-quality surface finish with good grip, making it possible to work safely and efficiently, even with greasy hands. The non-slip property improves control during handling.

### Organized storage.

The set can be stored in the compartments of a practical roll-up tool bag. This makes it convenient and compact enough to carry anywhere. Transparent mesh inserts provide a quick view of the contents of your tool set.

### A solution for every situation.

Our combination wrenches are available in different versions (metric, imperial, long, with Spline-Drive profile) and as sets in textile bags, roll-up tool bags or TCS inserts.

## Technologies and features.

### Double-T profile

Our combination and ring wrenches have an additional recess in the middle of the tool. Similar to the principle of a double-T beam, this provides a tremendous load capacity and maximum strength whilst reducing weight.

### Offset Shaft Design

Our wrenches are specially designed with additional reinforcement in the load zones where the greatest amount of force is transmitted - namely where the jaw meets the shank - in order to prevent deformation.

### Anti-Slip-Drive

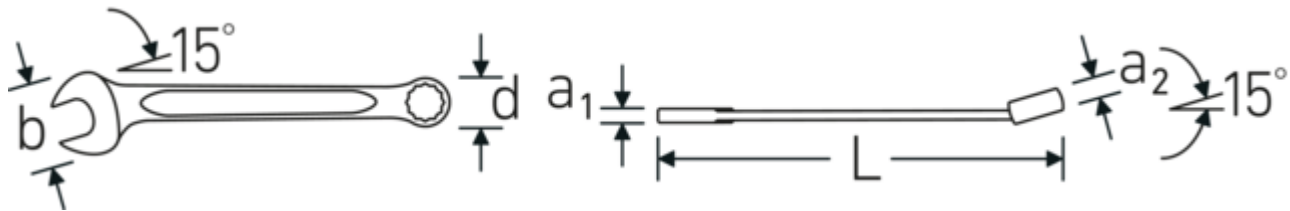

The special AS-Drive profile makes high force transmission to the flats of screws and bolts possible without damaging them. This also prevents stripping of the screw head.

### Thin-walled rings

The thin wall diameter of our rings makes it easier to work in confined spaces. The ring sides are taller than standard nuts, which prevents jamming.

## Technical Drawing.

## Technical Attributes.

Number of tools	15
Range	6-32
DIN	DIN 3113 Form A / ISO 7738 Form A
Jaw angle	15 °
Surface	chrome-plated
Model no.	13/15

## Logistics data.

Depth mm (IFS)	365
Width mm (IFS)	95
Height mm (IFS)	70
Length (packed, mm)	470
Width (packed, mm)	120
Height (packed, mm)	90
Volume (packed, dm <sup>3</sup> )	5.076 dm <sup>3</sup>
Product no.	96400803
Weight (gross, kg)	2,860
Weight PAP (kg)	0,000
Weight PVC (kg)	0,004
GTIN	4018754080595
Country of origin AWR	GERMANY
Region of origin	Nordrhein-Westfalen
WEEE/ElektroG	nicht ear-pflichtig
Customs tariff no.	82041100
Packing standard	1
Weight	2236 g
