Screwdriver set DRALL+ Model 4687 5

## Product highlights.

### Individual.

The four handle sizes for the screwdrivers are designed specifically to match the drive profiles.

### Outstanding craftsmanship.

The blades are made of exceptionally fine industrial-grade chrome alloy steel, through-hardened and anchored in the grip in such a way that they stay there.

### Robust.

Whether slotted or cross-head - the rough blade tips transfer even the greatest torques to the screws - precisely and safely.

## Technologies and features.

### DRALL+

Our DRALL+ handle is non-slip and ergonomic. An extended grip zone protects the fingers and a hand stop prevents the tool from accidentally slipping or rolling away.
