Product highlights.

High load capacity.

High static load capacity of up to 500 kg. The bottom drawer has a load capacity of up to 45 kg!

Safe.

Two-step safety concept: Central locking with a cylinder lock and hinged key. The anti-tilt feature makes it impossible to pull multiple drawers out at the same time.

Resistant.

Oil and acid resistant smooth-running wheels (Ø 125 mm) with carpet protection to protect the bearings from dirt and fibres; with two locking brakes.

Convenient.

All drawers can be extended up to 100%. Combining the use of STAHLWILLE standard and TCS inserts, or the variable drawer dividers, ensures a clear overview and convenient access to tools.
