

## Combination ratcheting spanner set OPEN RATCH, offset, metric, in roll- up tool pouch

### OPEN RATCH 17

Product no. **96411715**  
GTIN **4018754349951**  
Model **17/15**

#### Label.

Combination ratcheting spanner set 17/15 8-24 15 pcs.

#### Features.

- spanners with imperial dimensions, equal widths in roll-up pouch
- jaw side straight, ring side 15° angled
- sturdy, slim and lightweight intelligent design
- high bending strength due to double T-profile
- non-slip, skin-friendly surface
- extremely sturdy, exceptionally durable
- drop-forged, hardened and cooled in oil bath
- Chrome Alloy Steel, chrome plated
- sturdy roll-up pouch with hook and loop fastener made of polyester
- mesh inserts allow visibility of the inserted tool
- safe protection of the tool with minimum space requirement

## Advantages.

High-quality combination ratcheting spanner set in metric sizes.

The integrated 72-sprocket ratchet provides a working angle of only 5° – facilitating efficient working even in confined spaces.

Switchable ratchet for quick tightening and loosening of screws.

High-quality, non-slip surface texture – for safe working even with oily hands.

In a space-saving tool roll for safe and well-organised storage.

## Product highlights.

### Non-slip surface.

The STAHLWILLE spanners have a high-quality surface structure with a good grip, which even allows you to work safely and securely with oily hands. The non-slip property increases handling control.

### Excellent workmanship.

Our spanners are made from high-quality forged chrome alloy steel, giving them outstanding robustness and durability, even in continuous and prolonged use. They also have a corrosion-resistant chrome-plated finish.

### Non-slip surface.

The STAHLWILLE spanners have a high-quality surface structure with a good grip, which even allows you to work safely and securely with oily hands. The non-slip property increases handling control.

### Organised storage.

The set can be stored in the compartments of a practical roll-up pouch. This makes it convenient and compact enough to carry anywhere. Transparent mesh inserts provide a quick view of the contents of your tool set.

## Technologies and features.

### Double T-profile

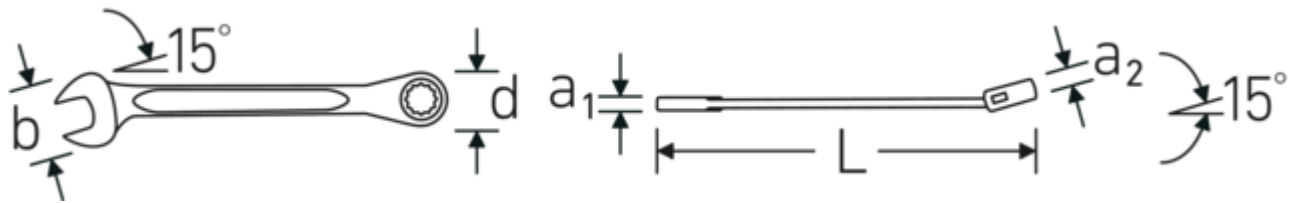

Our combination and ring spanners have an additional recess in the middle of the tool. Similar to the principle of a double T-beam, this provides a tremendous load capacity and maximum strength whilst reducing weight.

### Offset Shaft Design

Our spanners are specially designed with additional reinforcement in the load zones where the greatest amount of force is transmitted - namely where the jaw meets the shank - in order to prevent deformation.

## Technical Drawing.

## Technical Attributes.

Number of tools	15 pcs.
Range	8-24
No.	17/15

## Logistics data.

Depth mm (IFS)	345
Width mm (IFS)	180
