Advantages.

10-piece wrench set (low-crank, DIN838/ISO10104) in carton packaging

The use of high-quality special steel and a complex forging process makes the double-ended ring wrenches durable and robust

The special AS drive profile enables high force transmission to the sides of nuts and bolts without damaging them

The non-slip finish ensures ergonomic wrenches that lie comfortably in the hand

Extremely thin-walled rings make it possible to work in hard-to-reach places on machines, cars, bicycles, etc.
