## Technologies and features.

### Tool Control System

The intelligent modular insert system protects and organizes the tools in tool boxes, workshop trolleys and workshop benches. Two-color foam inlays make checking the completeness of the tools quick and easy.

### Inlay Modular System

This flexible solution for tool storage makes it possible to customize your tool trolley or tool box with 1/6, 1/3, 2/3 or 3/3 foam inserts.

### QuickRelease

The QuickRelease safety lock prevents unintentional loss of insert tools. These click securely into place and are only released again at the push of a button for a quick tool change.
