Product highlights.

Perfectly equipped.

Of course, our workbench is also available with matching tool sets. However, in case of individual requirements, we are also happy to assemble bespoke sets for our customers. Just get in touch.

Well thought out, sturdy design.

High-quality materials ensure the durability that is typical of STAHLWILLE, such as the sturdy housing and drawers with their industrial powder coating. The oil- and acid-resistant lightweight wheels (Ø 125 mm) are equipped with guards to protect the bearings from dirt and fibres, with two locking brakes.

Ergonomic height.

The working height of 104 cm and the particularly large, FSC-certified worktop makes work more comfortable.
