STAHLWILLE®

Assortment tools with tool trolley, 157 pcs.

95/157QR

Product no.	98830192
GTIN	4018754343331
Model	95/157QR

Label. Tool assortment with tool trolley 95/157QR Drawer7 anthracite, RAL 7016 157

Product highlights.

PRODUCT IMAGE
IN PROGRESS

Complete solution for industry.
Our extensive range includes high-quality tools for a wide range of applications, such as vehicle maintenance, general repairs or assembly and disassembly work. It includes wrenches with various sizes, sockets up to 32 mm, a large bit set, a wide selection of pliers and much more. With this equipment, you get a broad base for a wide range of applications in the automotive, electrical and mechanical engineering industries.

Takes on anything.
High-quality materials such as the tightly welded stainless steel tray with a scratch-resistant honeycomb structure ensure the durability typical of STAHLWILLE and prevent liquids from penetrating into the interior of the trolley. The working surface of 827 x 496 mm is particularly suitable for working on large components. Thanks to its robust construction, the 95 PRO has a static load capacity of 750 kg. Thanks to reinforcements, the drawers can be loaded with 30 kg and the bottom drawer even with 45 kg.

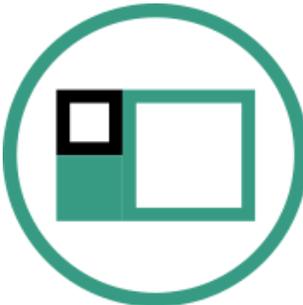

Full configuration as standard.
Whether paper roll and spray can holders, all-round impact protection with shock absorption, perforations on both sides for attaching accessories, locking brakes or oil and acid-resistant smooth-running castors (Ø 125 mm) with thread protection. Our tool trolley comes with many features as standard.

PRODUCT IMAGE IN PROGRESS

Optimally organised.
All drawers can be pulled out 100%. In combination with the STAHLWILLE standard and TCS inserts or the variable drawer dividers, this ensures optimum overview and convenient tool removal at all times.

Technologies and features.

Modular Inlay System
This flexible solution for tool storage makes it possible to customize your tool trolleys and workbenches with 1/6, 1/3, 2/3 or 3/3 foam inlays.

Tool Control System
The intelligent modular inlay system protects and organizes the tools in tool boxes, tool trolleys and workbenches. Two-color foam inlays make checking the completeness of the tools quick and easy.

QuickRelease
The QuickRelease safety lock prevents unintentional loss of insert tools. These click securely into place, and are only released again at the push of a button for a quick tool change. In transducers: The QuickRelease safety lock helps you to quickly mount and change transducers. The transducers lock into the calibration system and only unlock again at the push of the buttons.

Technical attributes.

Number of drawers	7
Number of tools	157
Width mm (b)	823 mm
