

Assortment tools with workbench 267 pcs.

WB 621/267QR

Product no. 98830195
GTIN 4018754343362
Model WB 621/267QR

Label.

Tool assortment with workbench Drawer7 + 1 Fach anthracite, RAL 7016 267

Product highlights.

Complete solution for industry.

Our extensive range includes high-quality tools for a wide range of applications, such as vehicle maintenance, general repairs or assembly and disassembly work. It includes wrenches with various sizes, sockets up to 32 mm, a large bit set, a wide selection of pliers and much more. With this equipment, you get a broad foundation for a wide range of applications in the automotive, electrical and mechanical engineering industries.

Mobile workstation.

The 7 full-extension drawers are pre-equipped with STHLWILLE tools in safety foam inserts. A separate, lockable cabinet section with height-adjustable shelf provides additional storage space. The spacious 115 cm long work surface allows you to examine large components. Organized cable routing increases your safety in the workplace. With a working height of 104 cm and four smooth-running wheels, you have the ideal conditions for ergonomic and mobile working, both in and outside the workshop.

Secure down to the last detail.

The central lock with countersunk, side-mounted cylinder lock, together with the foldable key, protects against injury and damage. The individual locking mechanism prevents unintentional opening during transit - the anti-tilt protection makes it impossible to pull out multiple drawers simultaneously.

Smart cable management.

A detachable cable duct helps to neatly route and organise cables for electrical devices. This reduces the risk of tripping over or damaging the cable, thus increasing safety in the workplace. 2 cable outlets on the back also facilitate the power supply, e.g., when charging stowed battery-powered devices.

Technologies and features.

Modular Inlay System

This flexible solution for tool storage makes it possible to customize your tool trolleys and workbenches with 1/6, 1/3, 2/3 or 3/3 foam inlays.

Tool Control System

The intelligent modular inlay system protects and organizes the tools in tool boxes, tool trolleys and workbenches. Two-color foam inlays make checking the completeness of the tools quick and easy.

QuickRelease

The QuickRelease safety lock prevents unintentional loss of insert tools. These click securely into place, and are only released again at the push of a button for a quick tool change. In transducers: The QuickRelease safety lock helps you to quickly mount and change transducers. The transducers lock into the calibration system and only unlock again at the push of the buttons.

Technical attributes.

Number of drawers	7 + 1 Fach
Number of tools	267
Width mm (b)	1150 mm
Colour	anthracite, RAL 7016
