Technologies and features.

3-component handle

Our 3-component handle combines hard and soft components, which give it its optimized ergonomics, maximum power transmission, and increased safety during daily use.

VDE DRALL+

Our VDE-DRALL+ handle is insulated to 1,000 V according to DIN EN 60900. It is non-slip and ergonomically shaped. An extended grip zone protects the fingers and a hand stop prevents the tool from accidentally slipping or rolling away.
