### The professional trolley.

Our high-quality tool trolley is the ideal partner for safely transporting your tool sets in any application situation. Made of durable polypropylene, it easily withstands Skydrol, acetone, petrol and hydraulic oils. With removable drawers, telescopic handles and a padlock, this trolley is equipped for every situation and protects the tools from unauthorized access.

### Individual organisation.

The extensive range is stored in five drawers, each with a transparent lid, which can be removed and used as separate tool boxes. This results in a wide range of applications for flexible and individual use.

## Technologies and features.

### Modular Inlay System

This flexible solution for tool storage makes it possible to customize your tool trolleys and workbenches with 1/6, 1/3, 2/3 or 3/3 foam inlays.

### Tool Control System

The intelligent modular inlay system protects and organizes the tools in tool boxes, tool trolleys and workbenches. Two-color foam inlays make checking the completeness of the tools quick and easy.

### QuickRelease

The QuickRelease safety lock prevents unintentional loss of insert tools. These click securely into place, and are only released again at the push of a button for a quick tool change. In transducers: The QuickRelease safety lock helps you to quickly mount and change transducers. The transducers lock into the calibration system and only unlock again at the push of the buttons.

## Technical attributes.

Number of tools	160
Width mm (b)	581 mm
Height mm (h)	455 mm
Length mm (L)	381 mm

## Logistics data.
