

Tool trolleys

93 TOP BOX

Product no. **81200157**
GTIN **4018754334414**
Model **TTS 93 TOP BOX**

Label.

Tool box 93 TOP BOX 4 Drawer 481 x 748 x 463 mm

Product highlights.

Flexible, mobile, well thought-out.

Our tool chest is the optimal solution for mobile use or for the workshop. Thanks to the practical side handles, it is easy to transport. With the chassis No. 93 TOP BOX CADDY, it also becomes effortlessly mobile. As an extension to the TTS 93/6 and WB 630 tool trolleys, it offers even more storage space for your tools.

Order made easy.

The integrated compartments for small parts not only ensure a tidy and clear storage area, but also increase their functionality and create an organized environment where everything remains within easy reach.

Maximum safety.

The central locking system with side cylinder lock and folding key protects the tool from unauthorized access. The tilt protection prevents multiple drawers from being pulled out at the same time to avoid the risk of injury or damage.

More space for organisation.

Hooks, trays, and safety locks for tools, screws and small parts can be attached to the perforated side walls of the TOP BOX as required. This means that everything is always within reach and well-organised.

Optimally organized.

All drawers can be extended up to 100 %. Combining the use of STAHLWILLE standard and TCS inlays, or the variable drawer dividers, ensures a clear overview and convenient access to tools.

Technologies and features.

Tool Control System

The intelligent modular inlay system protects and organizes the tools in tool boxes, tool trolleys and workbenches. Two-color foam inlays make checking the completeness of the tools quick and easy.
