## Profi-Key

### PROFI-KEY MIT HEIZUNGSENTLUEFTUNGS- SCHLUESSEL

Product no. **87172190**  
GTIN **4005887009142**  
Model **Profi-Key 172**

#### Label.

Profi-Key

#### Properties.

- universal keys for all shut-off and locking systems, including new buildings, utility locks and heating ventilation
- can also be used for door handle and window handle mounts
- functions: stepped square drive 6-10 mm; internal square drive 7-8 mm; internal triangle drive 9, 10 mm; ventilation square drive 5 mm
- also for PH size 2 and slot 7 mm
- with chain and bit adaptor 6.3 mm (1/4")
- made from diecast zinc
- supplied in clear packaging with enclosed description

#### Benefits.

A universal screwdriver for effortless opening of control cabinets, valves and technical systems for gas, water and electricity supply.

The heating and ventilation wrench is an efficient solution for heating and sanitation applications.

Made from robust die-cast zinc for increased durability and reliable performance even in continuous use.

The key has different sizes of internal square drive, internal triangle drive and double cam for different systems.

The cabinet key has a compact design and has a chain for convenient attachment to the key ring or pocket.

## Product highlights.

### Multifunctional for building services.

Our universal control cabinet key combines several locking devices in a single tool, offering you maximum flexibility and time savings for all maintenance tasks in building services. Equipped with different mounting sizes, it allows for effortless opening, maintenance and operation of valves, lifts, box doors and power control panels.

### Special tool for radiators.

The Profi-Key offers an efficient solution for bleeding radiators with the special heating key. The 5 mm square socket fits all standard heater valves, so almost any model can be bled quickly and easily. The easy-to-grip key sits comfortably in the hand and, thanks to its compact size, can be used optimally even at tight angles.
