4 slotted screwdrivers with impact cap **No. 4622SK**: 0.8 x 4.0 x 90; 1.0 x 5.5 x 100; 1.2 x 6.5 x 125; 1.2 x 8.0 x 150 mm

2 PH cross-head screwdrivers with impact cap **No. 4632SK**: PH1; PH2

Benefits.

Premium quality 6-piece screwdriver set for PHILLIPS® and slotted screws.

The handle dimensions are precisely matched to the drive sizes for improved ergonomics.

Sturdy Chrome Alloy Steel gives the screwdriver outstanding durability and wear resistance.

With impact cap for loosening stubborn or rusty screws.

The flared hand stop prevents injuries caused by the tool accidentally slipping and also stops the tool rolling away.

Product highlights.

Individual.

The four handle sizes for the screwdrivers are designed specifically to match the drive profiles.

Outstanding craftsmanship.

The blades are made of exceptionally fine industrial-grade chrome alloy steel, through-hardened and anchored in the grip in such a way that they stay there.

Robust.

Whether slotted or cross-head - the rough blade tips transfer even the greatest torques to the screws - precisely and safely.

Technologies and features.

2-component handle

Our 2-component handle is non-slip and ergonomically designed. It is resistant to the most common oils, greases, fuels, brake fluids, and Skydrol.

Impact cap

Our DRALL+ screwdriver is equipped with a metal impact cap for use in extreme conditions, enabling the screwdriver to be impacted with a mallet or hammer.

Hex shank profile

Some of our DRALL+ screwdrivers have a hex shank profile at the base of the handle which can be used in conjunction with a spanner to apply more force when loosening tight screws.
