STAHLWILLE ®

Tool trolley 93

93/6

Product no.	**81200155**
GTIN	**4018754333080**
Model	**93/6 R**

Label.

Tool trolley 93/6 6 drawers 481 x 877 x 1000 mm red, RAL 3020; black, RAL 9005

Properties.

- **two-stage safety concept:**
  - central locking through cylinder lock with hinged key
  - tilt protection - makes it impossible to pull out several drawers at the same time
- 2 handles
- all-round ram protection
- durable plastic tray made of ABS with compartments for small parts
- oil and acid-resistant wheels (Ø 125 mm) with bearings protected from the ingress of dirt and fibres, and 2 parking brakes
- two-sided perforated panel for hooks no. 8031- 8041, e.g., for larger tools
- can be fitted with STAHLWILLE standard and TCS inlays
- 6 easily removable drawers, black, full-extension runners with bearing cage guide
- with paper roll holder

Benefits.

6 easy-to-remove drawers with practical full-extension runners, the ball cage guide ensures smooth running.

Oil- and acid-resistant lightweight wheels (125 mm) with thread guards protect the bearings from dirt and threads, with 2 parking brakes.

High static load capacity of up to 500 kg; the bottom drawer has a load capacity of up to 45 kg.

2 handles, all-round impact protection and a hard-wearing plastic shelf made of ABS with practical compartments for small parts.

Central locking by cylinder lock with folding key; the anti-tilt device prevents several drawers from being pulled out at the same time.

Product highlights.

Takes on anything.

High-quality materials such as the tightly welded stainless steel tray provide the durability that is typical of STAHLWILLE, and prevent liquids from penetrating the interior of the trolley. The working area of 877 x 481 mm is particularly suitable for working on large components. Thanks to its robust design, the TTS 93 achieves a static load-bearing capacity of 500 kg. The drawers can be loaded with up to 30 kg thanks to stiffening, and the bottom drawer can even be loaded with up to 45 kg.

Maximum security.

The central locking system with side cylinder lock and folding key protects the tool from unauthorised access. The tilt protection prevents multiple drawers from being pulled out at the same time to avoid the risk of injury or damage.

Order made easy.

The integrated compartments for small items not only provide a tidy and well-organised surface but also enhance functionality, creating an orderly environment where everything stays within easy reach.

### Full configuration as standard.

Whether it is a roll of paper towels or spray can holder, all-round collision protection with impact damping, perforation on both sides for attaching accessories, parking brakes or oil and acid-resistant smooth-running wheels (Ø 125 mm) with thread guard. Our tool trolley comes with many features as standard.

Optimally organised.

All drawers can be extended up to 100 %. Combining the use of STAHLWILLE standard and TCS inlays, or the variable drawer dividers, ensures a clear overview and convenient access to tools.
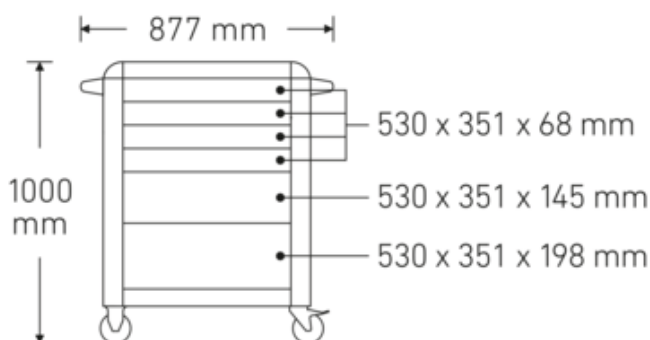

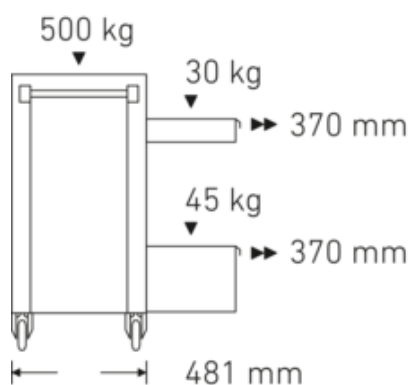

Technologies and features.

Modular Inlay System
This flexible solution for tool storage makes it possible to customise your tool trolley or tool box with 1/6, 1/3, 2/3 or 3/3 foam inserts.
