

## Combination spanner set OPEN BOX, metric

### OPEN BOX 16/5

Product no.	96400902
GTIN	4018754080694
Model	OPEN BOX 16/5

#### Label.

Combination spanner set OPEN BOX 16/5 3,2-5 5 pcs.

#### Properties.

- **metric, identical** end sizes
- ring-end cranked 15°, jaw angled 15°
- reinforcement between jaw and shaft
- durable, slim and lightweight design
- high flexural strength due to double-T profile
- STAHLWILLE's rounded finish ensures a non-slip, pleasant feel
- drop-forged, hardened, and cooled in an oil bath
- Chrome Alloy Steel, chrome-plated
- DIN 3113 Form A/ISO 7738 Form A
- in robust polyester roll-up tool pouch with Velcro closure
- mesh inserts allow visibility of the tools
- a compact storage solution to keep your tools safe
- embroidered STAHLWILLE logo

#### Contains 5-pieces:

5 combination spanners **No. 16**: 3.2; 3.5; 4; 4.5; 5 mm

## Benefits.

High-quality 5 pcs.-piece combination spanner set in metric sizes.

The practical textile case offers a well-organised storage solution.

The compact design makes it ideal for use in precision mechanics, model making or for screwdriving work on bicycles.

## Product highlights.

PRODUCT IMAGE

### Non-slip surface

STAHLWILLE spanners have a high-quality surface finish with good grip, making it possible to work safely and efficiently, even with greasy hands. The non-slip property improves control during handling.

### A solution for every situation.

Our combination spanners are available in different versions (metric, imperial, long, with Spline-Drive profile) and as sets in textile bags, roll-up tool pouches or TCS inlays.

### Store in textile bag.

The set comes in a handy textile bag that makes it easy to carry with you anywhere while also saving space. The bag has transparent mesh inserts that allow you to quickly see whether the tool set is complete.

### Organised storage.

The set can be stored in the compartments of a practical roll-up tool pouch. This makes it convenient and compact enough to carry anywhere. Transparent mesh inserts provide a quick view of the contents of your tool set.

## Technologies and features.

### Anti-Slip-Drive

The special AS-Drive profile makes high force transmission to the flats of screws and bolts possible without damaging them. This also prevents stripping of the screw head.

### Double-T profile

Our combination and ring spanners have an additional recess in the middle of the tool. Similar to the principle of a double-T beam, this provides a tremendous load capacity and maximum strength whilst reducing weight.

**Thin-walled rings**

The thin wall diameter of our rings makes it easier to work in confined spaces. The ring sides are taller than standard nuts, which prevents jamming.

**Offset Shaft Design**

Our spanners are specially designed with additional reinforcement in the load zones where the greatest amount of force is transmitted - namely where the jaw meets the shank - in order to prevent deformation.

**Technical drawing.****Technical attributes.**

Number of tools	5 pcs.
Range	3,2-5
DIN	DIN 3113 Form B / ISO 7738 Form B
Capacity	3.2; 3.5; 4; 4.5; 5 mm
Alloy	Chrome Alloy Steel
Jaw angle	15 °
Model no.	16/5
Surface	chrome-plated

**Logistics data.**

Depth mm (IFS)	106
