1 Piercing punch, octagonal **No. 104/120**: 120 mm
1 Circlip pliers, polished **No. 6543**: J2
1 Circlip pliers, polished **No. 6544**: J21
1 Circlip pliers, polished **No. 6545**: A2
1 Circlip pliers, polished **No. 6546**: A21

Benefits.

7 easy-to-remove full-extension drawers with a ball cage guide for smooth running.

The tool assortment contains 161 parts for different applications and tasks.

The robust oil- and acid-resistant wheels allow flexible use of the workbench at different work locations.

Extra large work surface 1150 x 500 x 30 mm with robust birch wood multiplex (FSC certification).

The three-stage safety concept ensures protection for tools and accessories.

Product highlights.

Mobile workstation.

The 7 full-extension drawers are pre-equipped with STAHLWILLE tools in safety foam inlays. The spacious 115 cm long work surface allows you to examine large components. With a working height of 104 cm and four smooth-running wheels, you have the ideal conditions for ergonomic and mobile working, both in and outside the workshop.

Secure down to the last detail.

The central lock with countersunk, side-mounted cylinder lock, together with the foldable key, protects against injury and damage. The individual locking mechanism prevents unintentional opening during transit - the anti-tilt protection makes it impossible to pull out multiple drawers simultaneously.

Technologies and features.

Modular Inlay System

This flexible solution for tool storage makes it possible to customise your tool trolley or tool box with 1/6, 1/3, 2/3 or 3/3 foam inserts.

**Tool Control System**

The intelligent modular inlay system protects and organises the tools in tool boxes, tool trolleys and workbenches. Two-colour foam inlays make checking the completeness of the tools quick and easy.

**QuickRelease**

The QuickRelease safety lock prevents unintentional loss of insert tools. These click securely into place, and are only released again at the push of a button for a quick tool change.
