Individual.

The four handle sizes for the screwdrivers are designed specifically to match the drive profiles.

Convenient.

The screwdrivers are available in a set - either conveniently housed in ES inserts or TCS safety inlays, designed for use with STAHLWILLE tool trolleys and tool boxes.

Technologies and features.

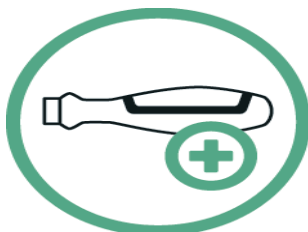

Tool Control System

The intelligent modular inlay system protects and organises the tools in tool boxes, tool trolleys and workbenches. Two-colour foam inlays make checking the completeness of the tools quick and easy.

3-component handle

Our 3-component handle combines hard, soft and special fibre-coated components, which give it its optimised ergonomics, maximum power transmission, and increased safety during daily use.

DRALL+

Our DRALL+ handle is non-slip and ergonomic. An extended grip zone protects the fingers and a hand stop prevents the tool from accidentally slipping or rolling away.
