

## Mini water pump pliers

**6515**

Product no. **65156125**  
GTIN **4018754281251**  
Model **6515**

**Label.** Mini water pump pliers L.125mm Jaw w.25mm Head black lacquered, polished

- Properties.**
- compact version with slim head shape for use in confined working areas
  - self-clamping on the workpiece, reduces effort and prevents slipping
  - sliding slip joint with double support
  - easy to adjust thanks to locking hole adjustment
  - induction-hardened serration for impressive dimensional stability and durability
  - with built-in protection against crush injuries
  - plastic coated handles
  - Chrome Alloy Steel, forged and oil-hardened
  - DIN ISO 8976

## Benefits.

Compact design with slim head allows precise repair and maintenance work, even in hard-to-reach ranges.

Stretched slip joint with double support ensures high load capacity.

For improved ergonomics and safety, the pliers are equipped with a non-slip plastic coating and an integrated anti-jamming protection.

With 4-way quick adjustment for easy adaptation to workpieces with a diameter of up to 25 mm.

The induction-hardened serrated edge ensures a secure hold, minimising abrasion.

## Product highlights.

PRODUCT IMAGE

### Every action perfectly executed.

For precise work and powerful gripping - STAHLWILLE pliers with non-slip handle. The comfortable handles with rough surface structure allow safe, low-fatigue work, even with smeared hands.

### Compact design for confined working areas.

The compact version with a slim head shape allows precise work even in confined areas. Thanks to its narrow design, the water pump pliers are perfect for hard-to-reach places and are also easy to store.

PRODUCT IMAGE

### Precise 4-position quick adjustment.

The practical locking hole adjustment allows quick and easy adaptation to different workpiece sizes. The 4-step adjustment is simple and safe, without any additional mechanism.

### Particularly durable and resistant.

Made from high-quality Chrome Alloy Steel, forged and oil-hardened, the water pump pliers meet the highest standards of robustness and durability. The inductively hardened jaw serration gives the tool additional hardness and wear resistance.

### A secure hold and comfortable handling.

The ergonomically designed handles are coated with a non-slip plastic with a rough surface texture. This makes the pliers comfortable to hold and enables fatigue-free working - even with dirty hands. The integrated clamp protection reliably protects against crush injuries.

### High stability.

The sliding slip joint with double support ensures exceptional stability and a particularly long service life, even under high loads. The robust design guarantees reliable performance, even under demanding conditions.

## Technical attributes.

Handles	plastic overlay with a textured surface
Head	black lacquered, polished
Length mm (L)	125 mm

## Logistics data.
