

Water pump pliers

6551

Product no. **65516240**
GTIN **4018754037971**
Model **6551 6 240**

Label. Water pump pliers Jaw w.34mm L.240mm Head black lacquered, jaws polished

- Properties.**
- self-clamping on the workpiece, reduces effort and prevents slipping
 - sliding slip joint with double support
 - easy to adjust thanks to locking hole adjustment
 - induction-hardened serration for impressive dimensional stability and durability
 - with built-in protection against crush injuries
 - high-quality, hardened and tempered for excellent wear resistance
 - Chrome Alloy Steel, forged and oil-hardened
 - plastic coated handles
 - DIN ISO 8976 (No. 207 C)

Benefits.

Sturdy water pump pliers for gripping, holding, pressing and bending workpieces (thin sheet metal, nuts, screws, etc.).

Sliding slip joint with double support increases stability during use.

The pliers feature a non-slip plastic coating and integrated crush protection for improved ergonomics and safety.

Variable, smooth-running quick adjustment at the push of a button on the tool.

The inductively hardened jaw teeth provide the water pump pliers with tremendous wear resistance.

Product highlights.

PRODUCT IMAGE
IN PROGRESS

Every action perfectly executed.

For precise work and powerful gripping - STAHLWILLE pliers with non-slip handle. The comfortable handles with rough surface structure allow safe, low-fatigue work, even with smeared hands.

PRODUCT IMAGE
IN PROGRESS

Flexible quick adjustment.

Adaptation to the workpiece is achieved by precise, multi-stage quick adjustment of the pivot pin. Adjustment takes place quickly and easily via a push button, which makes the use of these pump pliers flexible. An integrated clamping protection prevents crushing injuries.

PRODUCT IMAGE

Particularly durable and resistant.

Made from high-quality Chrome Alloy Steel, forged and oil-hardened, the water pump pliers meet the highest standards of robustness and durability. The inductively hardened jaw serration gives the tool additional hardness and wear resistance.

A secure hold and comfortable handling.

The ergonomically designed handles are coated with a non-slip plastic with a rough surface texture. This makes the pliers comfortable to hold and enables fatigue-free working - even with dirty hands. The integrated clamp protection reliably protects against crush injuries.

High stability.

The sliding slip joint with double support ensures exceptional stability and a particularly long service life, even under high loads. The robust design guarantees reliable performance, even under demanding conditions.

Technical attributes.

DIN	DIN ISO 8976
Handles	black lacquered, box frame polished, plastic-coated with sure-grip surface
Head	black lacquered, jaws polished
Length mm (L)	240 mm
Alloy	Chrome Vanadium Steel
max. jaw opening (mm)	34 mm
