Tool trolleys 95 PRO

95/8 PRO

Product no.	81200168
GTIN	4018754334711
Model	TTS 95/8 R PRO

Label.

Tool trolley 95/8 PRO 8 Drawer organisation 496 x 827 x 1020 mm red, RAL 3020; black, RAL 9005

Properties.

- **three-stage safety concept:**
  - central locking with a lateral cylinder lock and hinged key
  - individual locks prevent inadvertent opening during transit
  - tilt protection - multiple drawers cannot be pulled out at the same time
- stainless steel with reinforced handle
- all-round collision protection with impact damping
- tightly welded, resilient work and storage surface; end panel made of stainless steel
- oil and acid-resistant ball-bearing smooth-running wheels (Ø 125 mm) with thread guards to protect the bearings from dirt and threads, with 2 locking brakes
- paper roll holder and spray can holder included
- 8 easily removable drawers, black, full-extension runners with bearing cage guide
- two-sided perforated panel for hooks no. 8031- 8041, e.g., for larger tools
- can be fitted with STAHLWILLE standard and TCS inlays

Product highlights.

Takes on anything.
High-quality materials such as the tightly welded stainless steel tray with a scratch-resistant honeycomb structure ensure the durability typical of STAHLWILLE and prevent liquids from penetrating into the interior of the trolley. The working surface of 827 x 496 mm is particularly suitable for working on large components. Thanks to its robust construction, the 95 PRO has a static load capacity of 750 kg. The drawers can be loaded with 30 kg thanks to reinforcements, and the bottom drawer can even be loaded with 45 kg.

Secure down to the last detail.
The drawers are centrally locked using a cylinder lock with a folding key. The single-drawer lock prevents unintentional opening while driving. In addition, only one drawer can always be opened at a time, ensuring reliable tipping protection.

Full configuration as standard.
Whether paper roll and spray can holders, all-round impact protection with shock absorption, perforations on both sides for attaching accessories, locking brakes or oil and acid-resistant smooth-running castors (Ø 125 mm) with thread protection. Our tool trolley has many features - as standard.

Optimally organised.
All drawers can be extended up to 100 %. Combining the use of STAHLWILLE standard and TCS inlays, or the variable drawer dividers, ensures a clear overview and convenient access to tools.

Technologies and features.

Tool Control System
The intelligent modular inlay system protects and organises the tools in tool boxes, tool trolleys and workbenches. Two-colour foam inlays make checking the completeness of the tools quick and easy.
