

Tool trolley

13217

Product no. **96894809**
GTIN **4018754254125**
Model **13217 TS RF**

Label.

Tool trolley jet black (with reflecting film)

Properties.

- robust and durable tool trolley made from polypropylene for professional use
- 5 easily removable lockable drawers with transparent covers, end-stops for the rails, and in 3 different drawer heights
- drawers can be inserted in any order
- with 1 top cover and 1 removable front cover
- the top lid is lined with dimpled foam to hold the tools securely in place
- 1 removable tray with 2 handles and 2 transparent drawer lids under the top tray
- drawers can be used as a separate toolbox thanks to the transparent lids
- custom label options for the case and the drawers
- 2 smooth-running double castors at the rear
- for upright transport on 4 wheels; can be fitted with wheel set R 13217 (please order separately)
- extendable telescopic handle for easy transport
- 2 side handles
- resistant to skydrol, acetone, petrol and hydraulic oils
- load capacity: 60 kg
- lockable in 3 places with a padlock
- lockable with the integrated lock, 2 keys included (excluding IP67 version)
- also available in IP67 (6 drawers, 4 x 30 mm, 2 x 60 mm).
- additional fasteners and seals protect against water and dust
- with valve for pressure compensation (IP67 version only)
- also available with all-round reflective decals (5 drawers, 2 x 30 mm, 3 x 60 mm), for increased safety when working in dark environments
- individual case configurations on request

Benefits.

Heavy-duty tool trolley made of sturdy polypropylene with telescopic and carrying handles - easy to transport and can hold up to 60 kg.

Reliable use in the workshop or on assembly - ideal for mechanics, machine setters, fitters and technicians, for example.

5 drawers can be removed individually, used as separate tool boxes and arranged flexibly in any order.

Models from 2025 onwards offer additional storage space thanks to a lid with rail guide and the patented LOCK-UNLOCK system for top cases 13261 and 13262.

The trolley is resistant to Skydrol, acetone, petrol and hydraulic oils.

Product highlights.

PRODUCT IMAGE

Reliable and always there.

Whether in the workshop, on assembly or between aisles in the industrial hall - our tool trolley goes wherever you need it to. With a sturdy telescopic handle, 2 side carrying handles and smooth-running castors, it can be moved effortlessly - and reliably carries up to 60 kg.

PRODUCT IMAGE

Organisation that thinks for itself.

The 5 removable drawers are lockable and can therefore also be used as individual boxes. They can be individually equipped with our TCS foam inlays. Thanks to the pull-out stop and free arrangement, everything stays where it belongs. On top, a removable shelf with handles and drawer covers ensures quick access to frequently used parts.

More storage space, cleverly combined.

From model year 2025, there will be even more space: thanks to the new lid rail guide and the practical LOCK-UNLOCK system, matching top cases such as 13261 TS and 13262 TS can be easily attached and securely connected. One movement of the lever is all it takes - and the module is ready for use. And best of all, older models can also be easily retrofitted with the appropriate lid. Everything in a modular system - for maximum order and flexibility.

Made for the toughest jobs.

Whether oil, chemicals, or dirt - our case remains steadfast. It is resistant to skydrol, acetone, petrol and hydraulic oils. With water- and dust-proof closures, it is also ideally equipped for harsh industrial applications.
