

## Double-ended ring spanner sets StahlwilleSTABIL®, metric

### StahlwilleSTABIL® 20

Product no. **96410408**  
GTIN **4018754122943**  
Model **StahlwilleSTABIL® 20/7**

**Label.** Double-ended ring spanner set StahlwilleSTABIL® 20/7 6x7-18x19 7 pcs.

- Properties.**
- **metric, differing** end sizes
  - deeply cranked, support angle 75°
  - durable, slim and lightweight design
  - high flexural strength due to double-T profile
  - STAHLWILLE's rounded finish ensures a non-slip, pleasant feel
  - drop-forged, hardened, and cooled in an oil bath
  - Chrome Alloy Steel, chrome-plated
  - in cardboard packaging

## Benefits.

High quality double-ended ring spanner, low-crank, in metric sizes.

The AS-Drive profile prevents damage to the fastener caused by force being applied to the edges of the nut or bolt.

Manufactured from durable Chrome Alloy Steel for a long service life and resistance to wear.

A special manufacturing process makes thin-walled rings possible - primarily for slightly lower-lying screw connections.

The distinctive STAHLWILLE rounded finish ensures the combination spanner is comfortable to hold and is easy to grip, ensuring safe working, even with oily hands.

## Technologies and features.

### Double-T profile

Our combination and ring spanners have an additional recess in the middle of the tool. Similar to the principle of a double-T beam, this provides a tremendous load capacity and maximum strength whilst reducing weight.

### Thin-walled rings

The thin wall diameter of our rings makes it easier to work in confined spaces. The ring sides are taller than standard nuts, which prevents jamming.

## Technical drawing.
