

Double open ended spanners i.TCS inlay

TCS MOTOR 10/11 6x7-34x36

Product no. **96830167**
GTIN **4018754152100**
Model **MOTOR TCS 10/11**

Label. Double open ended spanners i.TCS inlay TCS MOTOR 10/11 6x7-34x36 11 pcs.

Properties.

- 175 x 350 x 82 mm
- 11-piece set

Benefits.

11-piece spanner set in a practical TCS safety insert made of high-quality hard foam with precisely fitting tool cut-outs.

Thanks to the yellow signal colour, one look is enough to see if all tools are in place.

The use of high-quality special steel and a complex forging process makes the double open-ended spanners durable and robust.

Additional 'push-out' indentations enable easy removal of the open-ended spanner.

The non-slip finish makes for an ergonomic spanner that feels comfortable in your hand.

Product highlights.

Order and check.

The set is securely organised in a STAHLWILLE TCS foam inlays. These durable inlays are chemical-resistant and have precise recesses for each tool. The eye-catching yellow underside of the TCS inlays serves as a signal surface to enable quick checking of the set's completeness.

Technologies and features.

Tool Control System

The intelligent modular inlay system protects and organises the tools in tool boxes, tool trolleys and workbenches. Two-colour foam inlays make checking the completeness of the tools quick and easy.

Double-T profile

Our combination and ring spanners have an additional recess in the middle of the tool. Similar to the principle of a double-T beam, this provides a tremendous load capacity and maximum strength whilst reducing weight.

Offset Shaft Design

Our spanners are specially designed with additional reinforcement in the load zones where the greatest amount of force is transmitted - namely where the jaw meets the shank - in order to prevent deformation.
