Label.

Wheel set for 90/6A

Properties.

- 2 rigid and movable smooth-running wheels, Ø 100 mm
- 1 wheel with locking brake
- with thread guard to protect the bearings from dirt and threads
- oil and acid resistant

Benefits.

4 ball-bearing smooth-running castors (2 x fixed, 2 x swivel) with Ø 100 mm for use with the TTS 90 tool trolley.

The hard-wearing rubber rollers are oil, acid, wear and rust resistant.

The low-noise wheels dampen shocks and vibrations, are gentle on the floor and leave no marks.

One wheel is equipped with a locking brake to reliably prevent unwanted rolling away.

The thread guard prevents threads from wrapping around the axis and interfering with movement.
