

## Tool chest

### 93 TOP BOX

Product no.	81200157
GTIN	4018754334414
Model	TTS 93 TOP BOX

#### Label.

Tool chest 93 TOP BOX 4 Drawer 481 x 748 x 463 mm

#### Properties.

- **two-stage security concept:**
  - central locking via cylinder lock with fold-down key
  - tilt protection - multiple drawers cannot be pulled out simultaneously
- powder-coated body and drawers (black, RAL 9005)
- 4 easily removable drawers with full extension (370 mm) and ball cage guide
- durable ABS plastic shelf with compartments for small parts
- hole pattern on both sides for hooks No. 8031-8041, e.g. for larger tools
- can be equipped with STAHLWILLE standard and TCS inserts
- can be combined with workshop trolley no. 93/6
- optional chassis no. 93 TOP BOX CADDY
- can be combined with workbench WB 630
- can be equipped with STAHLWILLE TCS inlays

## Benefits.

Modular addition for workshop trolley no. TTS 93/6 and WB 630 creates additional storage space with 4 drawers and a shelf.

6 side containers ensure tidy storage of small parts and accessories.

The optional chassis No. 93 TOP BOX CADDY makes the tool chest mobile.

TOP BOX with two-stage security concept with central locking and anti-tip protection.

Practical side handles make the tool chest easy to transport - ideal for use both inside and outside the workshop.

## Product highlights.

### Flexible, mobile, well thought-out.

Our tool chest is the optimal solution for mobile use or for the workshop. Thanks to the practical side handles, it is easy to transport. With the chassis No. 93 TOP BOX CADDY, it also becomes effortlessly mobile. As an extension to the TTS 93/6 and WB 630 tool trolleys, it offers even more storage space for your tools.

### Order made easy.

The integrated compartments for small parts not only ensure a tidy and clear storage area, but also increase their functionality and create an organised environment where everything remains within easy reach.

### Maximum safety.

The central locking system with side cylinder lock and folding key protects the tool from unauthorised access. The tilt protection prevents multiple drawers from being pulled out at the same time to avoid the risk of injury or damage.

### More space for organisation.

Hooks, trays, and safety locks for tools, screws and small parts can be attached to the perforated side walls of the TOP BOX as required. This means that everything is always within reach and well-organised.

### Optimally organised.

All drawers can be pulled out 100%. In combination with the STAHLWILLE standard and TCS inserts or the variable drawer dividers, you are always guaranteed the best overview and convenient tool removal.

## Technologies and features.

### Tool Control System

The intelligent modular inlay system protects and organises the tools in tool boxes, tool trolleys and workbenches. Two-colour foam inlays make checking the completeness of the tools quick and easy.
