1 slotted screwdriver **No. 4724**: 1.0 x 5.5 x 25 mm

1 PH cross-head screwdriver **No. 4734**: PH2

Benefits.

The flared hand stop prevents injuries caused by the tool accidentally slipping and also stops the tool rolling away.

Optimised. The four handle sizes of the screwdrivers are carefully matched to the output sizes.

Practical. Always use the right profile thanks to the practical head marking.

Rugged. The core of the screwdriver is made of high-quality, impact-resistant polypropylene (PP).

Product highlights.

Individual.

The four handle sizes for the screwdrivers are designed specifically to match the drive profiles.

Outstanding craftsmanship.

The blades are made of exceptionally fine industrial-grade chrome alloy steel, through-hardened and anchored in the grip in such a way that they stay there.

Robust.

Whether slotted or cross-head - the rough blade tips transfer even the greatest torques to the screws - precisely and safely.

Technologies and features.

DRALL+

Our DRALL+ handle is non-slip and ergonomic. An extended grip zone protects the fingers and a hand stop prevents the tool from accidentally slipping or rolling away.

Technical attributes.

Number of tools 9 pcs.
