

## Slotted screwdrivers DRALL+

4622SK

Product no. 46223314  
GTIN 4018754334001  
Model DRALL+ 4622SK 14

### Label.

Slotted screwdriver DRALL+ 2,5mm x 14mm L.250mm

### Properties.

- with impact cap
- with hex shank profile
- for slotted screws
- black tip
- with 3-component handle
- Chrome Alloy Steel, matt chrome-plated
- DIN ISO 8764

## Product highlights.

### Outstanding craftsmanship.

The blades are made of exceptionally fine industrial-grade chrome alloy steel, through-hardened and anchored in the grip in such a way that they stay there.

### Robust.

Whether slotted or cross-head - the rough blade tips transfer even the greatest torques to the screws - precisely and safely.

## Technologies and features.

### 3-component handle

Our 3-component handle combines hard and soft components, which give it its optimised ergonomics, maximum power transmission, and increased safety during daily use.

### Impact cap

Our DRALL+ screwdriver is equipped with a metal impact cap for use in extreme conditions, enabling the screwdriver to be impacted with a mallet or hammer.

### Hex shank profile

Some of our DRALL+ screwdrivers have a hex shank profile at the base of the handle which can be used in conjunction with a spanner to apply more force when loosening tight screws.

### DRALL+

Our DRALL+ handle is non-slip and ergonomic. An extended grip zone protects the fingers and a hand stop prevents the tool from accidentally slipping or rolling away.
