

Top case 13262 TS

13262 TS

Product no.	81091337
GTIN	4018754361106
Model	13262 TS

Label.

Top case 13262 TS 516 x 296 x 310mm

Properties.

- robust and resilient polypropylene top case for the tool trolley 13217 and top case 13261
- can be equipped with up to 8 drawers (sold separately)
- secure locking thanks to patented LOCK-UNLOCK system
- individual labelling option
- with one carrying handle and 2 side handles
- resistant to temperature, impact, and chemicals
- metal-reinforced closures, lockable with padlock

Benefits.

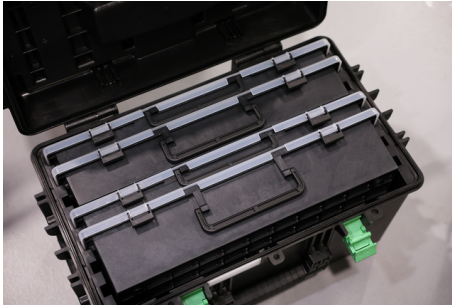

Practical extension for the tool trolley 13217 (from model 2025 with a suitable lid) and the add-on case 13261 for additional storage space.

The case offers space for tool storage in up to 8 drawers, which can be arranged flexibly in any order.

The tools can be easily and securely protected with a padlock.

With the patented LOCK-UNLOCK system, the 13262 TS can be quickly, easily and securely attached in a single step.

Our case is resistant to heat, impact and chemicals, making it ideal for rough everyday use in the workshop.

Product highlights.

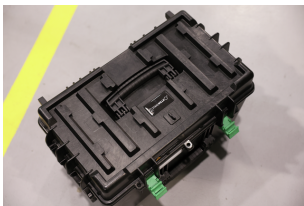

More storage space, easily combined.

The top case is the optimal addition to the 13217 toll trolley or other modules - simply attach, lock and get started. From model year 2025 onwards, it fits perfectly on top thanks to a new lid system and immediately creates additional storage space for tools, accessories or small parts. At the same time, the increased working height ensures greater ergonomics - particularly practical for tasks performed while standing, without having to constantly bend down.

Securely connected in seconds.

With the patented LOCK-UNLOCK system, the case sits securely on the trolley or another stackable case with just one hand movement. No wobbling, no slipping - simply place it, lock it in place and get going.

Made for the toughest jobs.

Whether oil, chemicals, or dirt - our case remains steadfast. It is resistant to skydrol, acetone, petrol and hydraulic oils. With water- and dust-proof closures, it is also ideally equipped for harsh industrial applications.

Systematic organisation.

Our top case impresses with its well-designed, modular drawer system. Up to 8 drawers offer clearly arranged storage space and can be arranged flexibly. Each drawer can be removed individually and taken with you - for maximum mobility, clear structure and perfectly organised tools.
